

## IMPORTANT

Akron style **2601** eductor is designed for 1/2, 1, 3, and 6% foam pickup. This eductor is shipped as a 1/2% unit.

To change the percentage of pickup:

1. Remove the metering head from the eductor body.
2. Remove the orifice from the metering head.
3. Select the new orifice size by using the diagram below.
4. Install the selected orifice into the metering head.
5. Reinstall metering head onto the eductor body.

To identify the proper orifice:

To operate at 6% a metering washer is not required.

To order additional spaces: 1/2% Part Number 2601-00-07-39-012  
1% Part Number 2601-00-07-39-013

3% Part Number 2601-00-07-39-014  
6% Part Number 2601-00-07-39-015

**7-73-248**

AB-640 (9/94) PRINTED IN U.S.A.
