Black Max Piston Intake Valve

Corrosion resistant stainless steel and poly-impregnated aluminum are combined for a durable Piston Intake Valve. A large unique oval waterway increases efficiency while reducing the overall size. All this, plus a special 10 year warranty against corrosion makes the Black Max the obvious choice for today's fire service.

Standard Features:

- Compact size - Extends only 11 ¹⁵/₁₆" from the pump panel
- 250 psi operating pressure
- Low Friction Loss - 7 psi at 2000 gpm (.5 bar at 7600 lpm)
- Polymer Piston for improved corrosion resistance
- Large waterway with a cast-in turning vane for reduced turbulence and efficient flow
- Pressure relief valve adjustable from 50 - 250 psi (preset @ 150 psi)
- 53° elbow
- 3/4" air bleeder valve
- Height: 18 ⁷/₉₀"
- Width: 9 ⁹/₁₆"
- Depth: 11 ¹⁵/₁₆"
- Weight: 30 lbs.

Options:

- Outlets (pump side):
 - 5" Rocker Lug
 - 6" Rocker Lug or Long Handle
- Inlets (hose side):
 - 4", 5" or 6" rigid storz
 - 4" or 5" full time storz swivel
 - 4", 4 ¹/₂", 5" or 6" male
 - 4", 4 ¹/₂" or 5" female swivel
- Storz cap and chain
- Air bleeder lines
