APOLLO INLET CONNECTOR
REPLACEMENT KIT INSTRUCTIONS

This replacement kit is designed to replace your Apollo Inlet Connector on the lift-off portion of your current Apollo.

To disassemble the inlet connector from your Apollo lift-off;
1. Remove the two swivel plugs.
2. Turn the unit on its side and rotate the inlet connector back and forth so that the ball bearings fall out. It may be necessary to apply a solvent to liquify the petroleum based grease on the ball bearings.
3. Loosen the set screw under the brake boss with a 1/8” Allen wrench.
4. Remove the brake shaft by turning counterclockwise.
5. Slide the inlet connector out of the outlet pipe. Be careful not to lose the brake ball.

To install the new inlet connector on your existing outlet pipe;
1. Lubricate the O-Ring with O-Ring grease.
2. Carefully slide the inlet connector into your existing outlet pipe.
3. Line up the two holes in the side of the outlet pipe with the raceways in the inlet connector and insert the ball bearings (approximately 47 per hole). As the raceways begin to fill, rotate adapter back and forth to facilitate loading the required number of ball bearings per groove.
4. Install the two swivel plugs.
5. Re-install the brake ball, brake shaft and set screw.
6. Apply a petroleum based grease through the grease fitting until grease appears through the hole in the swivel plugs.
7. Check the monitor for smooth rotation and proper locking.
WARRANTY AND DISCLAIMER: We warrant Akron Brass products for a period of five (5) years after purchase against defects in materials or workmanship. Akron Brass will repair or replace product which fails to satisfy this warranty. Repair or replacement shall be at the discretion of Akron Brass. Products must be promptly returned to Akron Brass for warranty service.

We will not be responsible for: wear and tear; any improper installation, use, maintenance or storage; negligence of the owner or user; repair or modification after delivery; damage; failure to follow our instructions or recommendations; or anything else beyond our control. WE MAKE NO WARRANTIES, EXPRESS OR IMPLIED, OTHER THAN THOSE INCLUDED IN THIS WARRANTY STATEMENT, AND WE DISCLAIM ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE. Further, we will not be responsible for any consequential, incidental or indirect damages (including, but not limited to, any loss of profits) from any cause whatsoever. No person has authority to change this warranty.
