**Electric Rewind Cord Reels**

These reels are built to the Akron Brass standard of performance and reliability. They have a powder coated finish and stainless steel hardware for years of durable service life. They can be mounted on the floor, back wall or even the ceiling of any compartment. The guide rollers can be ordered in various configurations to make sure the cord or hose wraps correctly no matter where the reel is mounted.

**ERWC-15-10, ERWC-16-6, ERWC-10-16 & ERWC-10-28**
- Internally grounded
- Available with black or yellow cord: 12/3, 10/3 or 10/4
- All stainless steel hardware and rollers
- Red or gray powder coated finish (red is standard)
- Rolled edge discs
- Live slip ring design
- Meets NFPA requirements, allows for 10% overage of cord
- Optional cord stops available
- Direct wired gang box
- Internal collector rings come pre-wired with 1’ pigtail for easy installation
- See order form for motor mount location, or visit akronbrass.com for more information

**Connector Options at Cord End**
- None
- Attach to Junction Box
- 5-15
- LS-15 Twistlock
- 5-20
- LS-20 Twistlock

**STANDARD SIZE DIMENSIONS**

| ERWC-10-28 | Shown with optional cord (Standard with speed control and guide rollers.)

**ERWC-16-6**
New compact configuration for use with limited compartment space. Shown with optional guide rollers and cord.
Manual Cord Reels

Akron Brass Cord Reels are portable. The Cord Reel allows for fast, easy deployment and retraction of extension cords without the hassle of twisting or knotting. Akron Cord Reels are available in Live configurations only.

- All live reels are internally grounded
- Available in 2 sizes; 10", & 15"
- Heavy-duty construction
- Powder coated red
- Live slip ring design
- Adjustable tension nut
- Meets NFPA requirements
- Standard with Gang Box
- Black or yellow cords

Additional Options

- NEMA plugs and receptacles (See below for options)
- ECR-MT cord reel mounting bracket

ECRP-10-GB & ECRP-15-GB are live cord reels with a gang box permanently mounted to the axle. Simply plug the cord into a receptacle and carry the reel to the fire ground or work site.
