

Visor, black, pupil warning lamps

STYLE 1021-0000-00

Black painted steel visor for 7" diameter lamps

Features

Black visor is required by several states and districts to enhance lamp conspicuity in high ambient lighting conditions. Fits all Weldon 7" diameter warning lamps; halogen, sealed-beam, and LED. Mounts between lamp and vehicle using the lamp's mounting locations (no additional mounting holes are required for attachment).
