

Amber LED Turn/Marker, Amber Lens

STYLE 2710-0100-20

- Excellent blind sopt signal coverage
- Sealed lens/housing with potted electronics
- Metal bushings at mounting points

Features

2710 Series, LED Side Turn/Marker, 6"x2.65" This lamp features eleven high-brightness LED's to provide an effective signal. The inner lens optics direct most of the light rearward into the vehicle blind spot area. The acrylic lens and base are vibration welded to achieve a water-tight seal. All electronic components are potted for added protection. The lamp uses a sealed connector to enable a reliable interconnect between the lamp and the vehicle. Metal bushings are inserted at the mounting points for added durability.
